Science Teacher - grades 9-12 – St. Croix Preparatory Academy

Position is .50 FTE for 2017-18 school year

St. Croix Preparatory Academy Upper School:

Seeking qualified candidate with strong scientific background who is interested in being part of a unique team of teachers. Our college prep environment requires a strong commitment to excellence. The courses are an anatomy and physiology survey course designed for students who are interested in how the human body works. Labs include microscope work in cells and histology; labs tracking vital signs with Vernier heart read monitors, blood pressure cuffs, EKGs, and hands on dissection of organs and/or small, preserved organisms.
