

Consent for Secondary Students (grades 7-12) to Self-Carry/Administer Over-the-Counter (OTC) Pain Relief Medications

Student _____ Grade _____

Procedure for students in grades 7-12 to carry and use OTC Pain Relief Medication at school:

- Medication must be brought to school in the original manufacturer’s bottle with labeling intact
- Signed parental consent is required for students in 7-12th grade to possess and use non-prescription pain medication.
- Healthcare provider authorization is not required for students in 7-12th grade to possess and use non-prescription pain medication.
- **Permission will be revoked if the School determines that a student is abusing the privilege.**
- *The possession or use of any product containing ephedrine or pseudoephedrine as an active ingredient is not allowed.*
- Authorization must be renewed each school year or when there is a change in medication, dosage, or frequency.
- Students in 7-12th grade who possess and use non-prescription pain medication must not share medication with other students.
- Students in 7-12th grade who possess and use non-prescription pain medication will seek assistance from the Health Office if they experience unusual side effects or do not experience pain relief as expected from the medication.
